

## THOMASES MUST REPAY \$125,000 TO UNION BANK

Money Given as Bonus for  
Clearing House Facilities  
to Be Demanded.

ENTRY NOT APPROVED.

Bank Examiner Holds Up  
Ledger with Item on  
Its Pages.

E. R. Thomas and O. F. Thomas, it was said to-day, will be given an opportunity to return to the suspended Mechanics and Traders' Bank \$125,000 which was paid to them out of the funds of the merged Union Bank of Brooklyn last spring without the knowledge of the latter's stockholders.

The \$125,000 appears on the ledger of the Union Bank—now the Union Bank of the Mechanics and Traders' Bank—to have been paid to the Thomases for securing a New York Clearing House connection. It is said to have been their bonus for helping President David A. Sullivan, of the Union Bank, out of a desperate strait.

The transaction was never approved by the Banking Department. It was

discovered on the books of the Union Bank to have been paid to the Thomases. The Union Bank, it is said, was not to have been paid to the Thomases. The Union Bank, it is said, was not to have been paid to the Thomases.

Must Replace \$125,000.

Since the Mechanics and Traders' Bank suspended, four weeks ago, Superintendent of Banks Charles Williams has had a special report of the deal by which the Thomases appear to have been enriched by \$125,000. Mr. Williams has not decided what course to pursue as he has no desire to injure any person that the Mechanics and Traders' Bank may have for resumption.

This money is certain, Mr. Williams will require that the \$125,000 be replaced. Just who should restore the money is a question. The action expressed by friends of President Sullivan is that the Thomases ought to make the restitution, for they received the money. The money was not paid for stock delivered by the Thomases to Mr. Sullivan and his friends—the stock transfer was an entirely different transaction.

The Evening World has already called attention to this transaction, which occurred when the Union Bank was apparently the butt of discriminations made by the New York Clearing House. When \$125,000 of deposits, President Sullivan was joined in representation in the banking exchange, through the passage of a resolution by that body excluding a larger bank from clearing through a smaller.

Bought Merchants and Traders.

The Union Bank of Brooklyn had to cease clearing through the Merchants and Traders' Bank, a smaller institution. It then made a connection with the Clearing House through the National Bank, but the requirements of the latter institution were so severe that this connection had to be dropped. Thereupon, President Sullivan bought the control of the Mechanics and Traders' Bank, which had the valuable New York Clearing House connection. President Sullivan and his friends bought enough stock of the Mechanics and Traders' Bank to have paid 150 a share. The \$125,000 paid to the Thomases was an additional bonus. It did not come out of the pockets of the men

## To Cure La Grippe In Three Days

Mix a half ounce of Virgin Oil of Pine with two ounces of glycerine and a half pint of good whiskey. Shake well and use in teaspoonful doses every four hours.

It is claimed this formula will strengthen weak lungs, heal the bronchial tubes, check a cold quickly and cure any cough that is curable. It will break up an ordinary case of "the grip" in three days. Being free from opiates or drugs it is far preferable for use to the ordinary cough mixture. In preparing this formula use one ounce of tincture of Cinchona compound can be used in place of the whiskey, with the same effect.

The necessary ingredients can be secured at small cost from any good drug store, and easily prepared in your own home. The Virgin Oil of Pine is put up for dispensing only in 1/2-oz. vials, each being securely sealed in a round wooden case. Rank imitations of Virgin Oil of Pine have been put out to resemble it in name and style of package. These are essentially ineffective, and often cause nausea. Be sure to get the genuine—look for the name—Virgin Oil of Pine compound pure, guaranteed under the Food and Drugs Act, June 30, 1906, Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, O.
